GNet Group recognized as finalist for 2016 Microsoft Cloud Packaged Solutions

Minneapolis, MN USA — May 31, 2016 — GNet Group LLC today announced it has been named a finalist in the 2016 Microsoft Cloud Packaged Solutions Award. The company was honored among a global field of top Microsoft partners for demonstrating excellence in innovation and implementation of customer solutions based on Microsoft technology.

“We thank Microsoft for this recognition which is exciting in many respects, as a milestone in GNet Groups’ commitment to innovation as well as acknowledgement of our customer’s forward-thinking IT strategy. Customers work with our highly skilled and diverse global team and the success achieved is demonstrated by this award” said Venkat Kavasseri, CEO, GNet Group.

Awards were presented in several categories, with winners chosen from a set of more than 2,500 entrants from 119 countries worldwide. GNet Group was recognized for providing outstanding solutions and services in Cloud Packaged Solutions.

The Cloud Packaged Solutions Award honors a partner that has successfully scaled out its cloud practice by packaging two or more Microsoft cloud solutions with their own services and solutions into a complete customer offering, solving an end to end customer challenge. The partner must have built out a repeatable solution which targets new cloud customers. The winning nomination will demonstrate innovation, competitive

differentiation with managed services, and customer value that results in a profitable business while showcasing the benefits of selling and using Microsoft Cloud services.

“We are honored to recognize GNet Group as this year’s finalist of the 2016 Microsoft Cloud Packaged Solutions award,” said Gavriella Schuster, General Manager, Worldwide Partner Group, Microsoft Corp. “GNet Group is a prime example of the excellent talent we see in our Microsoft partner community to deliver innovative and transformative solutions to our mutual customers.”

The Microsoft Partner of the Year Awards recognize Microsoft partners that have developed and delivered exceptional Microsoft-based solutions during the past year.

GNet Group is a leading services and solutions company, with deep experience in data analytics and information management. GNet Group’s diverse practices help you and your organization understand and manage your data more effectively, enabling decision makers to drive business performance. Founded in 2005, GNet Group is a fully-owned subsidiary of Nihilent Technologies. GNet is headquartered in Minneapolis, Minnesota with USA offices in Dallas, Texas, Des Moines, Iowa, Philadelphia, Pennsylvania and other office locations worldwide.
